

# MINOR Matters

The Official Newsletter of MINOR Improvements PT

Volume 2 Issue #3

March 2003

\*\*\*\*\*

Karen M. Dake, PT

Shaun P. Evans, MPT

## March Madness!

What a fun month! Mardi Gras, St. Patrick's Day and the official first day of spring (hopefully the weather will cooperate).

---

## Welcome

We extend a warm welcome to our newest patient Kyle. We are excited to be working with you at MINOR Improvements PT.

---

## Karen's "Sabbatical"

Karen will be spending three weeks in March, 2 weeks in August and 3 weeks in October in Philadelphia, PA, to obtain a certification in Neurodevelopmental

Treatment (NDT).

Specializing in this area has been Karen's goal for quite some time and we decided that now was the best time for her to pursue this goal. We look forward to the new skill Karen acquires as she practices under some of the top physical therapists in the United States. Good Luck Karen! We will miss you while you are away.

---

## Pediatric Physical Therapy 101

We have been busy this month with our continued instruction of the Physical Therapy students of Franklin Pierce College in Concord, NH. On March 7th we discussed effective evaluation and treatment of Cerebral Palsy. At the end of the month we will be focusing on the assessment and treatment of a child with Down syndrome. In

addition we will be lecturing on the topic of aquatic physical therapy, and holding a lab session so that our students can "get their feet wet" and actually experience the therapeutic effects of water.

---

## Pool Update

The pool has officially been ordered from Galaxy Pools and Medfit Systems! Construction on our very own therapeutic pool began on March 11, 2003. We are anxiously awaiting the delivery sometime in May. The pool tile colors have (finally!) been selected. Thank you to all of those who helped us to make that VERY important decision.

## Happy Birthday

A Very Happy Birthday to our March birthdays:

Ben & David, Maddy, Laura, Gabrielle C., Christopher, Harrison, Nolan, and Shaun!

## Building Updates

Getting ready for Demolition/Construction to begin

Karen and Shaun Break Ground at 270 West Circular on Saturday March 15, 2003

Has Shaun been training a little to hard for his marathon?...NO, Skully is showing his excitement about the upcoming demolition and construction!

**HOORAY!** Both the building and demolition permits have been issued. Be sure to drive by 270 West Circular Street to check out the progress on the site. Have you figured out where we are, yet? Watch for our "Coming

Soon" sign. Demo starts soon and shouldn't take long.

## Testimonials

Shaun,

Thank you again for your kind helpful and professional approach-your physical training had more of an emotional benefit in the end. My son left your office with glee-confident and amazed at how much he had learned from you.

Thanks again,

Mrs. B.

\*\*\*Please check the "newsletter" section of our website regularly. We will post consistently updated pictures and progress of our new building ☺\*\*\*
