Building Update

Our new building at the corner of West Avenue and West Circular Street in Saratoga

We're in!!!! We happily moved into our new home at 270 West Circular Street over Labor Day weekend. Many hands made light work and an easy move from Greenfield. Thank you to all those who pitched in!!

Our First Patient! Ashley brings us goodies on our first day in our new building

We started treating patients in the new facility on September 2nd and have had a very busy month since then. Our first pool patient, Natalie, was seen on September 4th. We continued to settle in through much of the month, and spent a lot of time

preparing for our Open House which took place on September 20th.

Open House

A great time was had by all at the MINOR Improvements PT unveiling at our Open House. We had about 150 guests tour our facility. Thank you to our patients Caitlin and Madeline for your help touring friends, neighbors, and new patients and families through the building. You did a great job!!

Maddy gets the pool ready for the lucky duck contest

Although we feared a hurricane the weather cooperated as we were blessed with a beautiful fall day. The Open House took place from 12-5 and there were plenty of activities and food to keep everyone busy. Our neighbors were happy to finally get a glimpse at the finished product after all the construction they watched for so many months. Activities included a lucky duck

contest in our new pool, a circus bounce, make your own sundaes, logo coloring, fish painting, a DJ from 102.3 Kiss FM. We had pizza, hot dogs, cotton candy, popcorn, and a cake in orange purple and green with our logo on it! We even had a keg of root beer (best in the world!) thanks to Caitlin's dad, Jon. Door prizes including DVDs, CDs, movie passes, MINOR Improvements PT shirts were awarded. Thank you to all who volunteered, donated, and to those who came to join the fun.
